Re: Bridge Project – How to contribute to the bridge fund – Carol Young, #365 fund manager

I have set up a Venmo account and checking account for interested owners to contribute to the fund to restore the bridge on our property. Venmo allows for linking and tracking of donations.

Instructions for setting up and using Venmo:

Venmo works by linking with your bank account and/or debit or credit card. Transactions made with your bank account or debit card are free. If you use a credit card, a 3% fee is added. If you do not have a Venmo account, setting one up is easy. Start by getting the app for your smartphone then just follow the instructions to link your account to the app. When you are ready to donate, where it says “find your friends on Venmo” put in @Carol-Young-107. You will be asked what you are sending the money for (bridge fund). There will be a space to enter the amount. Once you have entered the amount select pay and the money will be transferred from the account you have linked to bridge Venmo account.

If you prefer to donate by check, please make it out to Carol Young with “Bridge Project” noted in the memo area and drop it at Sharon Bovaird’s unit (367). I will be away for a couple of weeks and will deposit any donations made by check in the bridge account as soon as I return.

Thank you so much.

Carol Young
